After the terror unleashed on Lake Victoria, the prehistoric school of blood thirsty piranhas are back. This time, no one is safe from the flesh eating fish as they sink their razor sharp teeth into the visitors of summer's best attraction, The Big Wet Water Park.

Before you watch the trailer and make your judgement solely on the title, know this the score by Elia Cmiral gives the film a stand out strong scary factor. As a sequel to the popular "Piranha 3D" the score is what makes it scary, even epic... so I want you to listen to Elia Cmiral work here and do not judge it on title alone. He does a straight shot spook spectacular here and I cannot wait to see it in the water this summer... I mean theater. Oh and David Hasselhoff... nuff said!
